JAYAFAR MOIDU

Founder & CEO

Jayafar Moidu, Founder & CEO of JMR Infotech, a leading Technology Solutions and Services provider, is a visionary of a rare breed who embodies the principle 'Nothing is impossible'.

Under Jayafar's prudent guidance, JMR Infotech has earned worldwide recognition for providing cutting edge technology services to its clients. Jayafar has spent close to three decades in the IT industry. Jayafar's distinguished corporate experience, combined with his successful entrepreneurial stint has enabled him to evolve into an industry thought leader who can pioneer new ideas.

In 2007, when Jayafar Moidu founded JMR Infotech, one of the key objectives was to propagate his vision to provide unmatched quality of IT services to clients through innovation and thought leadership. In its short existence, the company has grown from strength to strength through his visionary ideas, innovation, and perseverance. JMR Infotech's clientele includes top organizations and financial institutions across 5 continents and this achievement is a testimony of Jayafar's deep understanding of technology.

Before starting JMR Infotech, Jayafar has had a highly successful corporate career. He has held responsible positions in top Financial Institutions like HSBC and Al Rajhi Bank. He is an alumnus of Regional Engineering College (presently known as National Institute of Technology), Calicut.

VIJAY RAINA

Group Chief Operating Officer

After joining JMR Infotech in 2010 as Project Manager, Vijay managed the relationships with key clients in India and North Africa.

Having worked in the Banking and IT industries for the last 2 decades, he brings with him a rich experience in Retail Banking Operations, Core Banking Product Development, Product Implementation and Partner Enablement.

Prior to joining JMR Infotech, he worked with Oracle Financial Services Software Ltd., where he had executed Implementation, Development, Migration and Partner Enablement projects in mature markets like Japan and Western Europe.

Early in his career Vijay was associated with the ICICI Bank - India's largest private sector bank and headed one of its branches in Mumbai.

Vijay holds a Master's Degree in Finance and Control from Lucknow University.

RAJITHA JAFFAR

Chief People Officer

Rajitha has over 22 years of rich and varied experience, largely in Information Technology Management and Human Resources Management.

She has deftly dealt with different facets of IT and HR Operations. She has been in the IT & BFSI industry for over two decades and has held responsible positions in multinational companies like HSBC, Executrain, Informatics and New Horizons.

She is an exceptional communicator, focused on building strong client and employee relationships.

She is an alumnus of Regional Engineering College (presently known as National Institute of Technology) Calicut.

VENKATA SUBRAMANIAN (VEX)

President – Financial Services & Solutions

Venkata Subramanian (Vex) is a versatile business leader with more than 33 years of experience in the Banking & IT industry.

In his role as President - Financial Services, Vex sets the strategic direction for JMR's Banking and Financial Services business.

Vex started his career with the State Bank in 1983 and served in various capacities before embarking on a career in the IT industry. He spent more than 2 decades with **COSL – CITIL - iflex - OFSS,** where he handled many large scale FLEXCUBE implementations and managed marquee customers. He was instrumental in increasing the FLEXCUBE customer base and has worked with some of the most prominent names in the Banking industry, across geographies. He has won the Service Excellence Award for 2 consecutive years and a Team award for his various roles at Oracle.

Vex holds a Master's Degree in Commerce and is a Fellow Associate of Indian Institute of Bankers.
